NEWS UPDATE

December 7, 2023

End of service for old versions of Compass for Windows

All software products have a lifecycle, Certiport's Compass exam delivery technology is no exception. This message is to provide some important information about upcoming changes for Compass for Windows. This applies only to Compass for Windows and does not affect Compass for Mac.

On 14 February 2024, support will end for all versions of Compass for Windows with the last three digits of **835 or less**. For example, 19.0.2.**835**, 10.0.2.**793**, 10.0.2.**718**, etc. will no longer receive the following:

- Security updates
- Non-security hotfixes
- Free or paid assisted support options
- Exam content updates from Certiport

Computers running an earlier version of Compass will continue to work even after support ends. However, using unsupported software may increase the risk of an unfavorable exam experience. Each new release of Compass includes multiple bug fixes that prevent known issues and updating to the latest version will provide you with a more stable environment.

All Certiport Authorized Testing Centers are encouraged to upgrade to the latest version of Compass, **19.0.2.1270**. To check which version of Compass you are currently using, launch Compass, log in, and then click on "About Compass" in the left-hand menu. For more information, please review our [Compass Update Guide](#).

Certiport's Adobe Certified Professional Fall Qualifier ends on December 15, 2023!

Certiport's 2023 Adobe Certified Professional U.S. National Championship Fall Qualifier ends on December 15, 2023! Students who are named Fall Qualifier Champions of their state will earn an invitation to the U.S. National Championship where they can meet other students from around the U.S. and compete to win scholarships, prizes, trophies, medals, the title of U.S. National Champion, and an all-expenses-paid trip to the World Championship.

If your students haven't taken a certification exam and submitted a project, there's still time! Candidates should have a certification in Photoshop, InDesign, or Illustrator and submit an original design project. Have they already earned their certification exam? Submit a project today!

Introducing Meta Certified Digital Marketing Associate

Certiport is proud to introduce the Meta Certified Digital Marketing Associate certification!

Do you want to help learners launch a career in marketing? Now you can give them an industry-recognized certification on the largest advertising channel in the world! Learners who earn the Meta Certified Digital Marketing Associate certification will understand the value that Meta technologies deliver through advertising on Facebook, Instagram, Messenger, and WhatsApp. These platforms help them reach new and existing customers and communities, expanding opportunities. Whether a learner wants to start a career in marketing or upskill and expand their expertise, this certification is a great place to help them reach their professional goals.

Candidates who earn the Meta Certified Digital Marketing Associate Certification will be well suited to get employed as a Social Media Marketing Specialist, Social Media Marketing Analyst, or a Social Media Communications Specialist.

This exam is currently available in English, Traditional Chinese, German, Korean, Portuguese, and Spanish. Don't hesitate, get started today with Certiport's newest certification! Follow the links below or contact your **Certiport Representative** to take the next step!

Meta Core Team

New Exam Available: Intuit Personal Finance

We're excited to announce the launch of our new certification: Intuit Personal Finance!

Educational institutions and government bodies are increasingly prioritizing financial education, and personal finance emerges as a critical, yet often under-taught, life skill that directly impacts students' daily lives and future financial well-being. The new Intuit Personal Finance certification exam developed in partnership with Intuit is based on the national financial education standards of the Council for Economic Education (CEE) and Jump\$tart coalition and is designed to empower individuals not only with the knowledge but certifiable skills that validate the mastery of the crucial life skill of personal finance.

As with many other Certiport certifications, the exam is a 50-minute exam with about 40 questions. In addition to the certification exam, educators can also access tools to teach, prepare, and assess their students' financial literacy skills. The Intuit Personal Finance program is built to help educators fulfill states' requirements on financial literacy curriculum, and help students feel confident making financial decisions that will impact their financial well-being.
