Autodesk educators, are you ready?

Don't miss CERTIFIED Academy next week!

Are you leveraging Autodesk Fusion 360 in the classroom? Autodesk Fusion 360 is a cloud-based 3D modeling, CAD, CAM, CAE, and PCB software platform for professional product design and manufacturing.

In next week's CERTIFIED Academy: Design webinar, we'll find out how you can leverage this tool with your students, including where and when to insert it into your curriculum, and what projects you can help students create. Mark your calendars for May 24th at 4 PM ET.

Celebrating Mental Health Awareness Month

Social-emotional learning in the CTE classroom

Happy Mental Health Awareness month! To celebrate, we're airing a replay of one of our favorite CERTIFIED podcast episodes from last November.

Continued...

In this episode, we sat down with Damien to learn about what social-emotional learning is, why it matters, and why CTE classrooms are perfectly poised to help students find a place to belong and discover who they are. If you or your students are feeling lost, overwhelmed, underappreciated, or misunderstood, this episode will bring insight and direction to help you pave a path forward.

Decreasing testing anxiety

According to a study published in the Journal of the American Medical Association, anxiety is on the rise among adolescents. By 2020, 5.6 million young people in the US had been diagnosed with anxiety. And nothing can trigger anxiety like testing day. Peak certification testing season is here, so we wanted to empower you with tactics to decrease your students' testing anxiety. Our fabulous CERTIFIED Ambassador, Damiano Mastandrea, gives some great suggestions.

How can I decrease testing anxiety?
