

## Guide Summary

If you have installed and configured Compass correctly and have installed and configured the locally installed Adobe applications correctly but are still experiencing issues, use this guide to track down the solution. It is possible to encounter a known issue that we are currently trying to address, or issues with settings in the software preferences on workstations where the Adobe software is used for more than just certification exam testing.

## Exam Section Overview

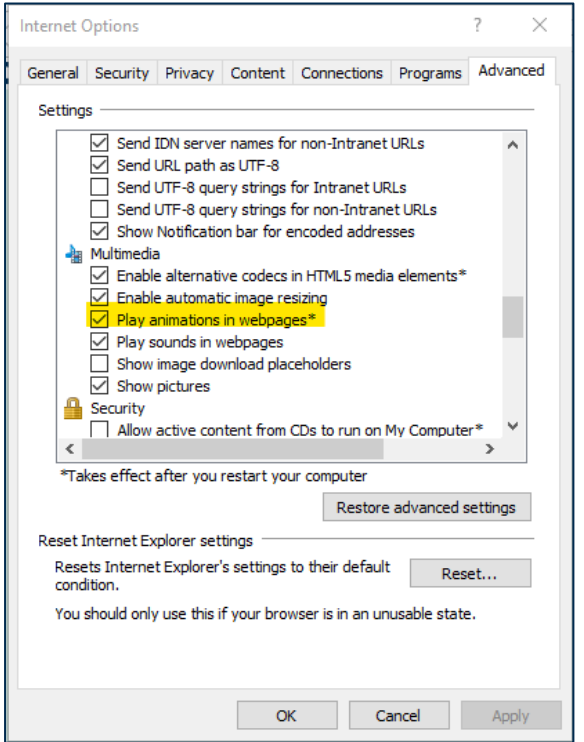

The actual exam has the following sections, and the guide is broken down into the same categories:

Question Section	Description	Timed
Survey	Three questions about the candidate and their experience.	No
Question Tutorial	A tutorial that explains the functionality of the Question Section.	No
Question Section	Includes multiple choice, drag and drop, drop down, radio button and area selection question types.	Exam time
Section Summary	Allows candidates to navigate back through the Question Section. After candidates click Submit Section, they cannot return to the Question Section of the exam.	Exam time
Task Section	Description	Timed
Task Tutorial	Explains the features of the Task Section and interaction with the Adobe application.	No
Application Launch	If this is the first exam run on this computer and the exam was not pre-downloaded in Compass, the exam files will download. The Adobe application launches. The remainder of the exam is delivered in a panel inside the Adobe application.	No
In-Application Tutorial	An ungraded task that shows the candidate how to recover the Certification Test panel if they accidentally close it.	No
Task Section	A set of tasks the candidate completes using the Adobe application. The candidate actions are automatically saved when they select the Next or Back buttons.  <b>IMPORTANT: If the candidate accidentally closes the application, or if the application crashes or hangs, the candidate will retain their exam data if resuming on the same computer.</b>	Exam time
Section Summary	Allows the candidate to navigate back through tasks in the Tasks Section. Progress on tasks is preserved. After candidates click Submit Section, they cannot return to the Task section of the exam.	Exam time

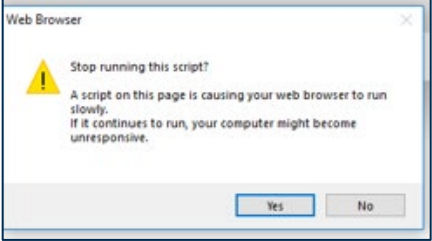

Post Exam	Description	Timed
Item Feedback	Allows the candidate to give feedback on individual questions and tasks. The candidate will see questions and tasks, but this section does not affect their exam results.	Comment time
Exam Feedback	Allows the candidate to give feedback on the overall testing experience.	No
Score Report	Shows the percentage of points awarded to the candidate by skill group.	No

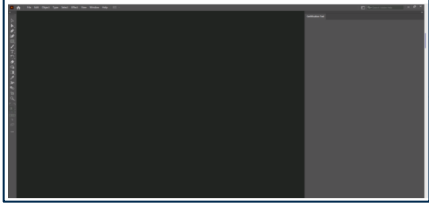

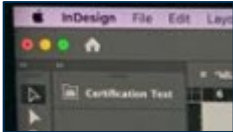

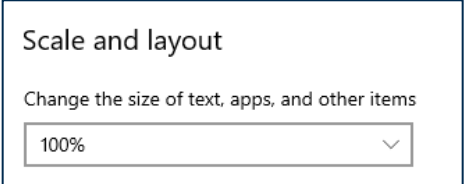

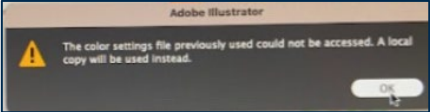

**Note:** "Post Exam" includes events occurring after the timed portion of the exam has completed, but prior to the entire exam completion and exit.
