# Transform your classroom with real-world tips and tools

Why just teach career skills when you can let students live them? Bring the real world into your classroom with a simulated workplace — where every lesson is a step toward future achievement.

Discover how veteran educator Robbie Perdue turned his classroom into a dynamic, hands-on work environment. Learn how he gets students excited about new experiences and building essential skills. Get practical tips for setting up your own simulated workplace and empowering your students to rise above expectations and meet industry standards with confidence.
