Decreasing students’ testing anxiety

Take the stress out of peak testing season

According to a study published in the Journal of the American Medical Association, anxiety is on the rise among adolescents. By 2020, 5.6 million young people in the US had been diagnosed with anxiety. And nothing can trigger anxiety like testing day.

Peak certification testing season is here, so we wanted to empower you with tactics to decrease your students’ testing anxiety. Our fabulous CERTIFIED Ambassador, Damiano Mastandrea, gives some fabulous suggestions.

Career opportunities with Unity skills

With Unity skills, your students can be prepared for the careers of tomorrow. In our final Unity Academy webinar, happening December 15th at 4 PM ET, we’ll sit down with a panel of professionals to talk about all the opportunities available to Unity professionals. Whether your students are interested in game design, software development, or animation, our panelists will show how Unity skills helped them succeed in their career.
