## Meet the Newest Microsoft Exams

Are your students prepared for tomorrow's technology careers? Microsoft's new certifications, Azure AI Fundamentals and Azure Database Fundamentals, are here to validate students' skills in today's technologies.

These certifications are the pathway to fully understanding what cloud computing is, what options are available from Microsoft, and which options make sense for businesses to invest in. If your students are looking for a career in artificial intelligence, data science, and cloud computing, this is the place to start.

Want more information on how to help your students get on the pathway to a prosperous career?

# Compass Update Coming December 8th

---

Certiport will be releasing a minor update on December 8th, 2020 to Compass to improve stability and add support for Adobe 2021 exams scheduled to be released in the future. This update will require customers to download and install an update on each machine and it is recommended that customers schedule testing accordingly. For exams scheduled on Certiport's "Exams from Home" delivery option, no action is required.

This update also includes the following improvements:

- **Secure Browser Update.** Includes support for Adobe Photoshop (Ps) and Illustrator (Ai) 2021 exams that will be released soon, along with some minor fixes for Adobe exams already available.
- **General Stability and Performance improvements.**

To learn more about this update visit the Compass systems updates page. Please stay tuned as we will be releasing more updates to improve the overall exam experience in the coming months.
