Hear from women leading in the digital age

It's 2025 and we're ready to close the technology skills gap and support women in tech! According to [recent data](#), women make up only 29% of the STEM workforce, and their representation drops even further at leadership levels, with just 12.4% holding C-suite positions.

Join us on March 25 at 12 p.m. ET to hear from women who got their start in technology with a MOS certification. We'll discuss how they decided to pursue technological careers, and career tips they have for their fellow female techies and their educators.

Start preparing now: Microsoft Office Specialist 2016 retirement

The Microsoft Office Specialist (MOS) 2016 certifications will retire on June 30, 2026. After this date, exams for this MOS version will no longer be available. We recommend Certiport Authorized Testing Centers (CATCs) transition to the Microsoft Office 2019 and Microsoft 365 Apps certifications to ensure access to the latest exams.

All MOS exam vouchers, inventory, and licenses can be used for any available exam version within the MOS program. You can check the availability and expiration of any third-party products purchased.

For more information, visit www.certiport.com/MOS or contact your Certiport Territory Manager.
