Exam Process

The exam experience follows this process:

1. **Tutorial.** The tutorial (this page) provides helpful information about the exam environment. Read the tutorial carefully. When you are ready to begin taking the exam, select Start Exam.
2. **Exam Questions.** The exam timer starts and the questions appear. You can move forward and back through them. Answer them, and mark them for review or feedback.
3. **Exam Summary.** The exam summary indicates the questions you have answered, not answered, marked for review, and marked for feedback. You can review and change your answers. The exam timer stops, and your answers are submitted when you select Finish Exam.
4. **Feedback.** You can leave feedback about the exam and individual items. When you finish leaving feedback, select Exit Exam to display your score report.

Reviewing Questions

The Exam Summary appears after the final exam question. You can also move to this page by selecting Go to Summary from any question.

The Exam Summary indicates the questions you have answered, not answered, and marked for review.

![Exam Summary Table]

On the Exam Summary page:

- The **Unanswered** column indicates questions you did not answer or questions for which you did not provide the required number of answers.
- Select any question to return to that question.
- Select the **Answered, Unanswered, or Review** category heading or icon to return to the set of questions in that category. You can review and modify your answers, and clear the review flags.
- Select Finish Section/Exam to submit your answers, stop the exam timer, and move to the feedback stage of the exam.

Feedback and Exam Results

After you submit your answers, you can leave feedback about the exam in general. The exam team will review your feedback and use it to improve future exam experiences. You cannot change your answers during the feedback stage.

When you finish leaving feedback or the feedback period ends, select Exit Exam to display your exam score report.

This is the end of the tutorial. Select Start Exam to leave the tutorial and start the exam. Your exam time begins when you start the exam.
